EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In Claims 47 and 88, in the last line, please change the word "has" to "have" such that the end of each line reads "the contents of the memory location have been stored."

In Claim 66, in the second to last line, please change the word "has" to "have" such that the line reads "the contents of the memory location have been stored."

Reasons for Allowance

The previous statement of reasons for allowability is inaccurate. The examiner deems the novel limitation to be, within each claim as a whole, storing contents of a memory location from the first set earlier than it would otherwise be stored when the processor needs to modify the memory location during the second checkpoint interval; and removing the write protection for a memory location from the first set when the processor needs to modify the memory location during the second checkpoint interval after the contents of the memory location have been stored.

Art Unit: 2114

In these claims, the active removal of the write protection upon processor need necessitates that the claimed write protection be in addition the claimed delayed writing scheme.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to JOSEPH SCHELL whose telephone number is (571)272-8186. The examiner can normally be reached on Monday through Friday 9AM-4:30PM.
